Annual Report of Auburn Valley Humane Society

Bones, now Hank, is a 4-year-old Pit Bull mix. He was left at the AVHS back door in a crate with a broken leg. He went to foster to heal after his leg was amputated. He was adopted in December by an amputee to his forever, loving home! He is loved to pieces, learning new skills and working on his dog training skills!

Message from the Board of Directors

Greetings my fellow animal lovers!!

Last year I started my letter with “Welcome to the new year and decade of 2020! Wow! Can you believe we are in the year 2020?” Yes, I even used exclamation marks.

After starting the year 2020, everything went into a tailspin, and if you were like me, it was pretty much a blur. The year 2020 was filled with disappointments and losses; however, there were many new relationships and families created through pet adoptions during this dismal time. Locked down at home for many weeks, you would want to spend it with a companion. Our little shelter on A Street made many of these incredible bonds between our furry friends and their humans possible. It makes me smile when I walk around town and see the many four-legged friends taking their two-legged humans for a walk.

Thank you, Auburn, for your continual support of our programs and mission. You all have been so faithful and supportive of our shelter. During the pandemic with economic uncertainty, you continue to display your love and support for animals in Auburn.

I started my message whining about 2020 and all of its evilness. I would be remiss if I did not talk about some of the opportunities that came out of 2020. AVHS was able to benefit from the PPP loan program offered to the many small businesses. Those forgivable loans allowed AVHS to keep our employees paid and working, and some were able to work from home to mitigate the number of people in the shelter. Keeping our employees employed allowed us to maintain

our average length of stay low for dogs and cats. Our dog’s length of stay averaged 5.2 days, and cats averaged 9.3. This metric is an incredible feat, given that we couldn’t have our volunteers. Their service hours were down due to Covid-19 mandates. Our volunteer hours came in at a third of what they would usually be. Regardless, I am so thankful for our volunteers.

Some of those volunteer hours were from the board of directors working hard and reviewing documents. From my previous messages, I had mentioned the need for Auburn Valley Humane Society to find a larger facility or other options to facilitate our growth and revenue. I am happy to say that at the end of January 2021, the Board of Directors has completed, and the State of Washington has approved, our merger with Northwest Spay and Neuter Center (NWSNC).

NWSNC promotes and provides affordable, high-quality spay and neuter services for cats and dogs and works directly with nonprofit shelters and rescues throughout Washington, Oregon, and British Columbia. The Board Members of AVHS and NWSNC found a merger between the entities to be mutually beneficial to

both organizations and our mission to be comparable. Auburn Valley Humane Society will be the surviving entity, and two NWSNC Board Members will join the AVHS Board. I am delighted to welcome NWSNC into our family. With the merger, AVHS will move much of its medical needs to the NWSNC building. NWSNC building has much-unused space that will accommodate the same services we offer, e.g., income-qualified low-cost spay/neuter and trap neuter release.

In a year that I did not think there would be anything to be thankful for, I am thankful to our donors, volunteers, staff, the City of Auburn, AVHS Board of Directors, and NWSNC Board of Directors, for all of their time, talent, and generous contributions!

I can seriously say you have all helped me see beyond the yuckiness and dismalness of 2020 and encouraged me to propel AVHS forward to be a model of excellence in the advancement of animal welfare.

We will continue to change lives... four paws at a time.

Rick Oliveira, Board Chair

Message from the PRESIDENT/CEO

As we look back at our eighth year of shelter operations, it is easy to say it has been a year like no other. A year like no other, not only for me, our staff and volunteers, our fledgling organization but for every human in every corner of our planet. Many of us have suffered significant losses, and all of us adapted to change. As an animal welfare organization, we too lost friends and supporters. Ones who will always be appreciated and never forgotten. As an animal welfare organization, we too adapted to change.

One thing that did not change was the need to care for the citizens and their pets in our community. I would not have thought a year ago, we would be standing on the other side of the dark hole we all called 2020 a stronger and redefined organization.

Despite the chaos the pandemic caused, 2020 was a year of growth and progress for Auburn Valley Humane Society. This last year was a time of commitment and determination of our staff and dedicated volunteers to ensure our organization's continued success. We have grown stronger as an organization, strengthening our philosophies, beliefs, and practices and reaffirming our mission and the dedication to the citizens and animals in the communities we serve. We are very excited to look forward to our future in a post-pandemic world.

As 2020 ends, even in a year of uncertainty at times, we have journeyed a long way from where we were just a few years ago when this odyssey started. The dream of having a first-rate local animal sheltering facility eight years ago has become a reality. This past year, we revisited our mission and vision statements through all of the hardships and reaffirmed our core values. As an organization, we reviewed our policies and procedures and are continually looking to increase the quality of care for the homeless and abandoned animals in the shelter and the programs we provide to the community.

During this year of resolve and growth, I would like to say how proud I am of our organization's accomplishments. While initially diminished to essential duties during the pandemic's beginning, we looked at ways to pivot our efforts and continue ways to fulfill our vision and mission. Our dedicated staff and volunteers continued the fostering, caring, adopting homeless pets, and the humane education of children and adults throughout our community. Partnerships with local businesses continued to flourish. As the pandemic's struggle continued, the relationships AVHS had built with the City of Auburn, the local veterinary community, and King and Pierce Counties' citizens enabled us to make it through this challenging year. The generosity and concern for our efforts from our donors and supporters were critical in achieving our vision and mission. This last year's turmoil did not impact the fundraising efforts that so vitally assist us financially to maintain the animals in our care. We held three successful virtual events, and the support was overwhelming. Auburn Valley Humane Society Thrift Store & More has also continued to thrive even though it was closed for over six weeks. Because of the thrift store's success this past year, we continued to grow the Humane Services programs we perform and continue funding these vital services.

Even in the time of a pandemic, our primary goal is to find lasting, loving homes for the companion animals that come to us. In 2020, a total of 559 dogs, 920 cats, and 81 other animals were owner relinquished, transferred from other shelters, or found as lost animals, and taken into our shelter. We gave them loving care, certified their health, administered all necessary vaccinations, microchipped them, evaluated their temperaments, and then spayed or neutered them. The homeless or abandoned animals that required dental care or extraordinary medical care also received it. Once accepted into

our shelter, there is no time limit put on the animal's stay with us.

This year we placed 1034 pets into adoptive homes, and we reunited 221 lost pets with their owners. We also transferred 74 homeless pets to local rescue organizations. Because euthanasia is never our first choice, we are proud to report that our live release rate for last year was 98%. AVHS reunited 55.69% of lost dogs and 6.30% of lost cats with their owners, both being higher than last year as well as higher

than the national average. All animals that were adopted this year left our shelter spayed or neutered, vaccinated, and microchipped. Despite the Governor of Washington placing a six-week moratorium on surgeries, the AVHS Staff Veterinarian and our Spay/Neuter Partner Veterinarians spayed or neutered 666 shelter animals and 721 public animals owned by income-qualified residents of King and Pierce County through our SPOT program.

We are not only an adoption agency, AVHS is also an educational organization. Community outreach is a vital part of our shelter. This year, we asked volunteers to stay home and stay safe. While our dedicated core of volunteers stayed home and stayed safe, they also pivoted, and many continued to volunteer their time both in their home and at the shelter in limited numbers. Over 539 active volunteers spent 13,557 hours caring for 477 dogs and cats in foster care, doing laundry and dishes, constructing enrichment toys for the animals in our care, and helping at the thrift store. Thanks to our dedicated volunteers and staff, we were also able to keep the world informed on our progress through our website and our AVHS Facebook, Twitter, and Instagram pages.

Over the past year, our Board of Directors has given direction and support, we have diversified and maintained our revenue stream, and successfully navigated our expenditures. We also grew our needed animal-related/human service programs. The Public Veterinary Assistance and the Pets in Crisis funds assisted the owners of 45 animals with emergency medical and boarding needs. Because the pandemic initially decimated our humane education program, the Shelter Buddy Reading Program and the Girl Scout Badge were forced to cease. With the need present, now more than ever, AVHS Humane Education staff stepped up and created videos for virtual humane education presentations to benefit families. AVHS continued a memorandum of understanding with King County and DAWN to house the pets of domestic violence victims in our community. We partner with Seattle Humane Society for the Pets of Seniors Food Bank, which continues to grow.

Acknowledgment for these many successes goes to our dedicated staff and volunteers, the support of the City of Auburn and neighboring animal sheltering agencies, and the generous devotion of the King and Pierce Counties' citizens ... and especially, the financial donors and supporters of Auburn Valley Humane Society.

Despite being a year like no other, we have again ended 2020 as an important and vital part of our community. We are thankful to have accomplished what we had in 2020, and we look forward to great growth in 2021 and a new normal post-pandemic world. We could not have done it without your help, and we are honored to still be here among you, continuing our mission.

OUTCOMES

Auburn Valley Humane Society strives to find a loving family for every adoptable animal. The outcomes include animals that were adopted, transferred to rescue groups, reunited with their owners, died in shelter, DOA (dead on arrival), euthanasia medical/behavior and owner requested euthanasia.

AVHS does not euthanize animals for time limits, space or age of the animal. AVHS utilizes every resource possible to find forever homes for the animals in our care.

*Other intakes and outcomes include birds, rabbits, guinea pigs, reptiles, small pets and wildlife.

MEDICAL STAFF AT WORK

In 2020, Auburn Valley Humane Society medical and animal care staff provide quality, loving care to every animal who comes into our shelter. The animals in our care receive physical exams, vaccinations, spay/neuter services, microchips and in some cases, extensive medical and dental care prior to adoption to a loving family.

MAKING A DIFFERENCE

One of the ways we measure our success is by how long a cat or dog is in the shelter before they are adopted. The smaller the number, the sooner they go to a new home and the more animals can come to us for lifesaving care. Moving animals through the shelter faster reduces stress and illness.

HAPPY TAILS

Changing Lives ... Four Paws at a Time!

Liliana

The adoption is definitely a success. Lilliana has settled in and is firmly in control of our home. Her first day here, she was a bit skittish, but friendly. She looked around, watched as I unpacked & placed her litter box, food bowls,

toys and cat tree. Then, she laid on the bench at the foot of my bed and went to sleep. She was pooped! The next few days she got more comfortable with me and her surroundings, and got used to our schedule. Now she sleeps on the bed next to me and follows me around the house. She LOVES to eat, play. Zoom (run from 1 room to another) and nap. She's a sweet love-bug & I just love her! The staff there at the Auburn Valley Humane Society was wonderful! Very helpful, knowledgeable & kind.
Adopted: 9.29.2020

Vader - now Nero

We are happy to have adopted Vader and are working on getting him properly trained. We also changed his name from Vader to Nero! He is doing great and is settling into his new home with our other two cats. He loves going to the dog park and playing with the other dogs. We took him to a corn maze and dressed him up as a dinosaur. We also got him a big bed, but he prefers sleeping in bed with mom and dad. He's a big baby! He has a lot of energy, and is such a sweet dog. We're just so happy to be able to provide all that he needs and get to spoil him with toys and treats. The staff was great and they were all so friendly. We were able to get some good information from them and good tips on socializing our cats with Nero. Thank you Auburn Valley Humane Society!
Adopted: 10.27.2020

Maggie

We love Maggie!! The staff at AVHS were sweet and helpful and gave me all the info I needed to make the transition as smooth as possible for all of us. Maggie has settled into our home (and my garden) perfectly. We have an old lab mix named Larry who has shared some toys with her, but otherwise prefers to loaf around and let the kids wear her out. Our sons love her. Our 7 year old, who has autism, has particularly bonded with her immediately and it has been so great to see them together. She's been loving walks on the trails around our house and nonstop playing with her new family. Thank you so much for helping us find our new family member!
Adopted 3.11.2020

Nana Banana

Nana has been Great! She fits right in. She has done so well that we are so surprised on her behavior. We took things slow, but Nana wanted things to move faster. When we brought her home she started in the

crate. By day three she was out more and watching TV with us on the couch. She is now best friends with my husband and loves everyone with wet mopey kisses. Our dog Tilly has done great with her; She has been so patient and teaching Nana a lot. Tilly still doesn't want to get to close but she is doing so much better with letting Nana get close to her. Tilly and Nana don't growl or bark they just wag their tails and go from there. And now we just let her roam and let the leash drag. Nana's walks are doing great also. We been walking them around the school near our home. Nana listens to the commands and she is really understanding us when we talk with her. She still pulls until she realizes we are all together then she relaxes and lets Tilly walk next to her easier. Thanks again, we love her so much and I knew she would be great for us.

HAPPY TAILS

Luna

Luna has settled in remarkably well in our home. She has become the "Queen" of the house and has claimed us as her "Pets." My wife adores Luna and dotes over her daily, lucky feline. Thank you again Auburn Valley Humane Society for this beautiful cat!

Adopted 11.21.2020

Changing Lives ... Four Paws at a Time!

Davy Jones

Onigiri is renamed as Davy Jones. He is doing very well in his new home with our other two cats who we also adopted from AVHS 3 years ago. He got his stitches out last Friday and has been nothing but loving and playful ever since (especially without the cone of shame)!

Adopted 11.14.2020

Clover

We are in love with Clover! And our other pets, especially our kitty, really like her too. She has her own cozy house in our living room, and is free to wander out and visit whenever she feels comfortable. She especially likes to watch TV with us, with her legs stretched back all comfy! When she needs a break from the love and attention from the other pets, she can rest peacefully in her own space. She likes to watch Sunday morning football on my husband's lap. We give her medicine faithfully and have put crib bumpers in her house to protect her when she falls over. She has really won our hearts... I think she is adjusting well, and she will come out on her own and return to her house when she needs to go potty or rest.

Adopted 11.3.2020

Shelly (tortoise)

Shelly is doing great. She is an easy pet and the kids love her. We still haven't officially decided between staying with the name "Shelly" or "Shelby".

We have been busy learning about tortoises and her care needs. We decided on a spacious 2'x4' "glass mansion" as we lovingly call her new abode. It's nice to see her being able to roam and explore her new spacious surroundings. The kids are enjoying brainstorming ideas for how to make it more closely resemble her natural habitat.

She is a good eater and seems to really like carrots and apple slice treats. We have been so grateful for Auburn Humane Society. The many pets that are fortunate enough to land there are in the absolute best loving hands and care. For Shelly, it sounds like much time was spent in helping her regain her strength and getting strong before she was ever placed for adoption. Phil made absolute sure we were armed with all possible information and resources we need for proper tortoise care. Adopted 2.18.2020

Changing Lives ... Four Paws at a Time!

Riley

We are so pleased the way everything was handled with the adoption of Riley last week. Your staff was awesome, very knowledgeable and made us feel so welcome. He is such a great companion for us, he is well behaved and

trained. We feel so lucky to have him as our pet. He was a little scared and shy at first, which is to be expected, considering what he went through. I feel so bad that he lost his owner to COVID. We had him groomed and a visit to the vet with a clean bill of health. He was so happy after his bath, you could tell the way he walked out of there, strutting his stuff.

Adopted 12.6.2020

Harley

'Harley The Cat' has settled in as if he's always lived here. He's recovered from his dental work and is living the good life. He spends his days on his window perch supervising the activities of the birds and squirrels, cat-napping in the big comfy chair or in my lap, chasing his fleece on a stick toy, and rolling on the floor begging for tummy rubs. He purrs all the time and it sounds like the motorcycle he is named for. He's just the sweetest kitty. Harley and I say thank you to everyone at Auburn Valley Humane Society for everything - first during the foster process and then during the adoption. You are the best.

Adopted 6.18.2020

Ralphie

The adoption of Ralphie has been a great decision and we were lucky to get such a wonderful dog! He's active, but also likes to nap and cuddle. He's a great riding companion, play buddy with kids, and friendly to everyone. He is very smart and has a great personality. He has learned simple commands and is just all around a very great companion.

Adopted 1.11.2020

Sabine

I just brought my new kitty, Sabine, home on Sunday and am over the moon! She stole my heart from the minute I met her and I knew it was meant to be when I read the part on her bio about her "unique" eye. As someone with a few disability...I mean uniquenesses, that made her ever more perfect to me. This was my first time adopting an adult cat and I couldn't be happier with both her and the overall experience with the staff at the humane society. Everyone was so helpful. They answered all of my questions about her medical condition and she came home with a folder packed full of general adoption information and coupons. Sabine is 8lbs of fearlessness fluttering around like a little social butterfly! She sat curious in the carrier on the way home and eagerly hopped out and ran around like the house like she ruled the place when she got out. And if I'm being honest, she does rule the place now. Never thought I'd be "one of THOSE" but I ended up creating an Instagram account for her. Her adventures can be found there at LeenKeenPurringMachine. Thank you so very much for being there when Sabine needed you and for making this adoption possible.

Changing Lives ... Four Paws at a Time!

Reginald

We're loving having Reginald (we call him Reggie) at home with us! He's the sweetest boy! He took a week to get fully comfortable, but we think he's finally completely at peace with his new home. He loves

being pet on the head (chin, ears, big cheeks), and sleeping in front of the fire. He lets us know when he wants attention or when he's hungry. He loves his catnip and pretends he's not interested in his toys, but we've seen him give in to curiosity a few times.

Adopted 11.9.2020

Maple Fox

We couldn't be happier with our adoption. Maple has already settled in very nicely. She is so well behaved we feel like we won the lottery with her. The staff at AVHS did a great job the day we adopted her. We would highly recommend adopting a pet to those that are looking to receive the love and companionship pets can give us.

Adopted: 1.18.2020

Juniper - now Penny

So we named her Penny, full name Princess Penelope von Pandemic Pupper. I'm absolutely in love with her, she was pretty quiet the first few days, but she's been getting right at home, barking at the people delivering mail and such. I bought her so many toys, she's got a whole bin and she'll pick them out herself and play with them. She's still afraid of things, she doesn't want to walk down stairs and she's very suspicious of new people. But she's the sweetest girl and everyone loves her.

Adopted 7.10.2020

Peach - Now Luna

My girlfriend and I came in and adopted Luna (previously named Peach), a Catahoula Leopard female. This dog has been so amazing, she was instantly a perfect fit for our family and my 9 year old son. She is so well behaved and was immediately comfortable with us, the house, and she especially loves being in the car! We took her on a trip to Bend, Oregon. She enjoyed the trip so much and she got along well with another dog down there. She played with some dogs at the local dog park. She did great off-leash and she explored local caves with us without hesitation. We are continually impressed with Luna and how perfect she is for us, absolutely great dog!

Adopted 2.15.2020

Stetson - now Jack

We are trying the name Jackson or Jack and it is a work in process. He is well-behaved in the home. He naps with the crate open. We have tried crated and uncrated short sessions at home alone and he does amazing either way. He went to work 4 days last week and spends his day sleeping under my desk. He sits and stays, and is working on down. He's on a great diet - Taste of the Wild - and loves warm water for gravy on his food. He sleeps wherever he wants usually on the floor by my bed. He doesn't get on furniture. He loves to fetch and knows release and sit. I just cannot say how lucky blessed and amazed I am. He's home for life. We will probably attempt small social interactions this week maybe a low populated dog park. He loves interacting with dogs that pass by. I'm in love and glad he's with me to stay!

Adopted 8.9.2020

Tetris - now Mandu

Tetris is doing great! We've renamed him Mandu, which means "dumpling" in Korean.

He's doing all of the typical, mildly annoying cat things like prancing upon my chest at 4 am to feed him and trying to sneak his way into my refrigerator when I'm looking for leftovers on the top shelf. He was very afraid at first when we brought him home and stayed underneath our bed for the first day. Loud sounds really freaked him out and it would send him running back under the bed, so I worked patiently with Mandu to get him adjusted to the sound of the front door opening and the washer/dryer running. He's come a long way and he's doing fantastic now. This is also my boyfriend's first time owning a pet and he is absolutely smitten with Mandu. We both love him dearly and we're grateful he has entered our lives.
